

Press release 2020-035

Willemstad/Philipsburg – The *Centrale Bank van Curaçao en Sint Maarten* (CBCS) will conduct a survey among its stakeholders next week. The purpose of this survey, which will be carried out by RE-request, is to optimize the efficiency of the CBCS.

Among those invited to participate are several local (Curaçao and Sint Maarten) and international stakeholders, such as supervised institutions, other supervisors/regulators, interest groups, governments institutions, universities, and media representatives.

RE-request will report to the CBCS on group level, which implies that the information is general and cannot be traced to a specific organization or person. In doing so, CBCS ensures anonymity of the participating stakeholders.

CBCS will communicate the findings of the stakeholder survey after its conclusion and analysis.
